Corrugated
Cardboard

Food tins and
drink cans

Please **DO NOT** put these
items in the blue recycling bin.

Polystyrene

Plastic bags

Textiles

Food waste/
liquids

Electrical items

Wood

Garden waste

It's easy to recycle

The majority of flats in Derby have communal recycling bins in which a wide range of materials are accepted.

Every property can have a reusable recycling bag to help make recycling much more convenient.

If you currently haven't got a reusable recycling bag then please email recycling@derby.gov.uk or call **0333 200 6981**.

It's easy as...

1. Fill your bag with clean, dry and loose recycling.
2. Take your bag down to the communal bin area and empty the contents into the recycling bin.
3. Bring your bag back up to your flat to fill up again and again.

Important Information

- All waste must be contained in the bins provided.
- Only place dry, loose recycling in the recycling bins. If general waste is placed in the recycling bins then the crews cannot empty it.
- Use plastic bags to bag waste in the general waste bins only.

Bulky Waste

Please don't leave large household items (e.g. furniture, electrical appliances) in the communal bin area as they won't be collected. These items should be taken to our Household Waste Recycling Centre: **Raynesway Park Drive, DE21 7BH**

Alternatively you can arrange a chargeable bulky waste collection. For further details of which items are accepted, charges and how to book please visit **derby.gov.uk/bulky-waste** or phone **0333 200 6981**.

For further information on waste and recycling visit **derby.gov.uk/bins** or phone **0333 200 6981**.
