Providing the integrity of the entrance door to each flat is maintained and not compromised in any way, a fire within a flat will be contained. The fire doors and concrete walls should resist the spread for up to 30 minutes before it spreads into the common parts of the block.

Each tenant’s demise is fitted with a fire resistant self-closing entry door and smoke detection and warning units to help give early warning and aid evacuation in the event of an emergency.
Fire Detection & Warning Systems
Each block has mains operated fire detection and warning systems installed throughout and linked into the 6 repeater panels on the ground floor of each block. The main panel can be located with the main external entrance gateway.

If you wish to dispose of bulky waste items such as furniture, white goods and garden waste, you must organise this. Birmingham City Council will collect bulky waste. Please contact the Council direct for further information and costs.

- Small articles are put in a sealed bag; otherwise they may get left behind.
- Sofas, beds and carpets are covered.
- Branches and wood are tied and there are no sharp items (i.e. nails) remaining.
- Glass items are taped (including TV screens).
- The items you would want taken are clearly separated from any other items on your property.

To book a bulky waste collection with Birmingham City Council, please go to www.birmingham.gov.uk/info/20009/waste_and_recycling. Please do not leave bulky waste items in and around the bins store, or anywhere else on site, as they will not be collected.

RULES & REGULATIONS

Common Areas
Furniture is not permitted in the common areas on safety grounds. These areas should at no time be used for storage of other items such as cycles, shoes, etc. Flammable material must never be placed in common areas.

Noise
Generally the apartments are well insulated for sound. However, slamming doors can cause inconvenience to your neighbours and your consideration is requested in this matter.
In general please avoid high levels of noise which can be disruptive to other residents, particularly at night time.
The volume of TVs and other sound equipment should be controlled to avoid nuisance to your neighbours, particularly at night.

Smoking
In line with legislation, smoking is not permitted within any of the common areas of any building on the estate.
Do not throw cigarette ends out of any windows.

Private Works
You may want to instruct contractors to undertake some type of refurbishment (e.g. fit new kitchen) to your property.
There is the potential for nuisance if you allow your contractors to damage or create a mess in the communal areas, if they impede access, or from excessive noise. Consequently, contractors must be properly supervised to ensure any disruption is kept to an absolute minimum.
Also, as weekend and evening working is particularly anti-social in a residential environment, contractors are required to work only on weekdays and during normal working hours.
Residents are responsible for disposal of any and all waste material generated by themselves and their contractors.

FIRE SAFETY

Please note: Fire procedures differ between properties, please take the time to familiarise yourself with the procedures for your individual property. The following information is a guide to general fire safety but may not be pertinent to your situation.

IF FIRE BREAKS OUT IN YOUR PROPERTY

Inform others present.

If possible close doors and windows to contain the fire.

DO NOT attempt to try to put out the fire.

All occupants of the property where the fire started should make their way out of the building in an orderly fashion, via the nearest emergency escape route.

Where there are disabled or elderly persons in the property, they may need help to escape.

DO NOT use a balcony, unless it is a designated escape route from the building.

DO NOT use the lifts.

Call Fire Services: dial 999 and ask for the Fire Service.

Give the operator the telephone number you are calling from and state clearly that a fire exists at House of York, 27-31 Charlotte Street, Hockley, Birmingham, B3 1PT

DO NOT end the call until the address has been repeated by the Fire Service.

Once safely out of the building, DO NOT re-enter.
IF FIRE BREAKS OUT IN THE COMMUNAL AREAS

DO NOT attempt to try to put out the fire.

Call the Fire Services: dial 999 and ask for the Fire Service.

Give the operator the telephone number you are calling from and state clearly that a fire exists at: at House of York, 27-31 Charlotte Street, Hockley, Birmingham, B3 1PT

DO NOT end the call until the address has been repeated by the Fire Service.

Stay in your apartment, unless it is affected by smoke or heat, or until the Fire Services have instructed you to evacuate.

If possible, close all doors and windows to limit the spread of fire.

If the Fire Services have instructed you to evacuate leave the building via the nearest emergency escape route.

DO NOT use the lift when evacuating.

DO NOT use a balcony, unless it is a designated escape route from the building.

Once safely out DO NOT re-enter the building.

IF YOU ARE CUT OFF BY FIRE

Try to remain calm.

Close the door nearest to the fire and use towel sheets, or other suitable material to block any gaps around the door. This will help stop smoke from entering the room. If possible, go to the window, open it and shout for help. If the room becomes smoke filled, go down to floor level. It will be easier to breathe as the smoke will rise upwards.
If you are in immediate danger from fire and are not higher than the first floor of a building, it may be possible to drop to the ground without injury provided you get out of the window feet first and lower yourself to the full extent of your arms before dropping. Soft furnishings dropped first from the window will break your fall and limit the danger of injury.

**Fire Alarm Faults**

If you notice any fault relating to the fire alarm, please report this to us using the online reporting system which can be accessed at [www.compass-bm.com](http://www.compass-bm.com).

To report a fault out of hours, please contact our emergency service on 0345 606 7660.
